The Opel Insignia Owners Appreciation Night

On 18 March, Insignia owners were invited to the first exclusive Opel Insignia driver get-together event at Spring Ju Chun Yuan Restaurant, where they dined on exquisite Fuzhou cuisine and mingled with a prestigious circle of like-minded automobile aficionados.

The happy Opel Insignia family.

The evening was graced by Insignia owners and their family.

Insignia owners share with their friends the car's impressive performance.

"This event was organised in an effort to foster a stronger relationship with our customers and to show our appreciation for their support. While it was Opel Singapore's first private function, it was a great success. We'd like to thank everyone who attended it for the great start—we will certainly have more of such events to come."
